Re: Water Right No. G2-26333 for Buck Lake Campground Association

Dear Mr. Abner:

Thank you for submitting your *Construction Notice*. In response to your request, you are hereby granted an extension to apply water to full beneficial use for the reasons below:

- Due diligence is shown in development of this permit. Since the last extension was granted, Buck Lake Campground Association has installed source meters and added 3,500 feet of water line to camp sites.
- Delays were encountered due to recent economic conditions. Additional time is needed to achieve full beneficial use of water.

Enclosed is a *Proof of Appropriation of Water* form to report when you have put the water to full beneficial use. You must submit this form by **October 1, 2018**, along with monthly metering data collected from your wells, as required under your permit.

You will also need to tag each of the Buck Lake Campground wells with a Unique Well Identification number tag. We will send tags for you to attach to your wells. Please use these tag numbers when reporting your water use.
